

Where your money goes

Proceeds from the Mother's Day Classic are donated to the National Breast Cancer Foundation (NBCF) and the Ovarian Cancer Research Foundation (OCRF) to fund vital breast and ovarian cancer research.

Participants in the Mother's Day Classic (MDC) can choose to participate and fundraise in support of breast cancer research, ovarian cancer research or both (with proceeds evenly split). The Mother's Day Classic Foundation will determine the donation made to each of the National Breast Cancer Foundation and the Ovarian Cancer Research Foundation from the net proceeds of the 2025 MDC event in accordance with the selection of MDC event participants.

Your donations fund vital research supporting:

- Prevention and risk
- Detection and awareness
- Improved treatment
- Improved quality of life for those living with breast or ovarian cancer

In the last 27 years, our community has donated \$46.1 million to the National Breast Cancer Foundation, and since 2024, \$1.2 million to the Ovarian Cancer Research Foundation.
